Experience

Advanced EMT 05/2023 - Present

Smoky Ridge EMS Knoxville, TN

County 911 service with 14 ambulances answering about 38,000 calls a year.

- Establish IV therapy access with a 92% first-attempt success rate across **1,800+** patient contacts on 911 calls.
- Manage airways with OPA, NPA and supraglottic devices, plus oxygen administration by nasal cannula, mask and BVM.
- Administer approved medications including dextrose, naloxone, nitroglycerin and albuterol after glucose monitoring and assessment.
- Coordinate with paramedics and fire crews on cardiac arrests, contributing to 11 field resuscitations with return of pulse in 2025.
- Complete ePCR patient care reports with a 97% chart accuracy score across 3 annual audits.

Emergency Medical Technician 06/2021 - 04/2023

Valley Medical Transport Maryville, TN

Interfacility and dialysis transport company with 18 BLS units.

- Transported 1,200+ patients between hospitals, nursing homes and dialysis centers with no safety incidents.
- Checked vital signs and cardiac monitoring strips en route and reported changes to the receiving nurse.
- Trained 6 new EMTs on stretcher handling, stair chair use and daily truck checks during field orientation.
- Documented 100% of transfers in the ePCR system with complete times, signatures and medical necessity forms.
