## AIRCRAFT MAINTENANCE SUPERVISOR

Columbus, OH (614) 555-0168 gregory.banks@email.com linkedin.com/in/gregorybanks

### SUMMARY

Aircraft Maintenance Supervisor with 12 years in cargo aircraft maintenance and 5 years supervising night shifts of up to 22 technicians on widebody freighters. Plans shift work, enforces FAA regulations and safety procedures, and signs off required inspection items as an A&P with Inspection Authorization. Writes turnover reports and audit responses in Word and Excel.

### SKILLS

**Other Skills:** Aircraft Maintenance, Shift Supervision, FAA Regulations, Inspection Authorization, Test Equipment, Tool Control, Safety Procedures, Aircraft Systems, Word, Excel

### EXPERIENCE

**Aircraft Maintenance Supervisor** 06/2021 - Present  
Buckeye Air Freight Columbus, OH

*Cargo airline maintenance base supporting 14 widebody freighters.*

- Direct up to **22** technicians on night shift, releasing 95% of aircraft on time for morning departures.
- Plan A-checks and deferred work against aircraft ground time, finishing 40+ checks a year within planned hours.
- Enforce lockout/tagout, fall protection and FOD programs, reaching 900 days without a lost-time injury.
- Manage test equipment calibration and tool control, with zero findings in 3 FAA and customer audits.

**Lead Aircraft Maintenance Technician** 04/2018 - 05/2021  
Midwest Freight Airlines Wilmington, OH

*Cargo carrier hub maintaining 30 freighters.*

- Led 8-technician crews through heavy line checks and engine changes on 767 and 757 freighters.
- Reviewed task cards and logbook entries before release, cutting QA write-ups by 35%.
- Wrote 12 shift training modules in Word on aircraft systems and required inspection item procedures.

**Aircraft Maintenance Technician** 05/2014 - 03/2018  
Midwest Freight Airlines Wilmington, OH

*Line maintenance on narrowbody and widebody freighters.*

- Repaired hydraulic, pneumatic and landing gear systems on 2 fleet types during overnight checks.
- Completed engine run-ups, taxi checks and borescope inspections as a run- and taxi-qualified technician.
