- Problem-Solving

Experience

Architect 03/2024 - Present

Bayou City Architecture Group Houston, TX

50-person firm designing office, retail and industrial buildings for private developers.

- Design and document 4 office and retail projects a year, with construction costs from $3M to **$30M**.
- Lead client meetings and design reviews, using Enscape walkthroughs that cut owner revision rounds from 4 to 2.
- Coordinate engineers and contractors through permit and bidding, resolving 40+ city plan review comments.
- Review shop drawings and contractor submittals in Bluebeam during construction on 3 active sites.

Architectural Designer 06/2021 - 02/2024

Gulf Meridian Design Houston, TX

Industrial and commercial architecture studio.

- Produced Revit and AutoCAD construction documents for 6 tilt-wall warehouses totaling 1.2M square feet.
- Created Lumion renderings and Adobe Creative Suite marketing boards for 12 developer pitches.
- Wrote code analysis sheets for the IBC and Texas Accessibility Standards on each permit set.
