Brianna Cho

Associate Quality Engineer

Columbus, OH · (614) 555-0187 · brianna.cho@email.com · linkedin.com/in/briannacho

SUMMARY

Associate quality engineer with 1 year of software testing on a patient scheduling platform, plus a QA internship in mobile banking. Writes test automation in Python and Java, checks data with SQL, and logs clear defects in Jira so releases ship on a 2-week sprint cycle without production surprises.

EXPERIENCE

Associate Quality Engineer

06/2025 - Present

Scioto Health Software

Columbus, OH

Software company whose scheduling and billing platform is used by 900 outpatient clinics.

- Write 220 automated UI and API tests in Python and Java, raising regression coverage from 35% to **70%**.
- Run regression testing on 26 sprint releases, catching 140 defects before they reached production.
- Validate appointment and billing records with SQL queries against test databases after each data migration.
- Document defects in Jira with steps, screenshots and logs, cutting developer back-and-forth on tickets by 30%.

Quality Assurance Intern

05/2024 - 08/2024

German Village Digital

Columbus, OH

Mobile app agency building banking and retail apps for regional clients.

- Executed **600** manual test cases on a mobile banking app across 4 iOS and Android devices.
- Built 35 Selenium checks for the login and payment flows, which the team ran every night.
- Wrote 90 test cases into a shared test plan reviewed with 2 product owners.
