EXPERIENCE

Associate Veterinarian 06/2025 - Present
Scioto Valley Animal Hospital Columbus, OH
Five-doctor small animal general practice with an in-house lab and digital imaging, seeing about 90 dogs and cats a day.

- Examine and treat 18-22 dogs and cats a day across wellness visits, sick appointments, vaccine visits and rechecks.
- Perform **240+** soft tissue surgery cases to date, planning anesthesia and pain control for every spay, neuter and mass removal.
- Complete dental procedures 2 mornings a week, reading full-mouth digital radiography before each extraction or nerve block.
- Write same-day medical records and diagnostics plans for bloodwork and urinalysis, closing 98% of charts before shift end.

Veterinary Assistant (Part-Time) 08/2021 - 05/2025
Worthington Pet Clinic Worthington, OH
Weekend and summer role at a 3-doctor general practice throughout veterinary school, covering surgery, treatment room and front desk.

- Monitored anesthesia for 6-8 surgical patients per shift, recording heart rate, SpO2 and temperature every 5 minutes.
- Restrained and positioned patients for ultrasound and radiographs during about 30 appointments per weekend shift.
- Prepared vaccines and refills and reviewed discharge instructions with 25+ owners a shift to support patient care at home.
- Trained 4 new assistants on surgical pack preparation, autoclave sterilization logs, kennel routines and controlled drug counts.
