SUMMARY

Athletic Trainer with 5 years of collegiate and clinic experience, BOC-certified and licensed in Washington. Builds injury prevention programs, delivers rehabilitation with therapeutic modalities, and keeps HIPAA-compliant injury reports and treatment records. Known for clear communication with athletes, coaches, parents and physicians, and for training student athletic training aides.

EXPERIENCE

Athletic Trainer 08/2023 - Present

Inland Northwest College Spokane, WA

NCAA Division III college with 18 varsity sports and 450 athletes.

- Direct sports medicine care for **7** varsity teams, including men's and women's basketball, lacrosse and track.
- Develop a preseason injury prevention program for 160 athletes that cut lower-extremity sprains by 22% in one year.
- Apply therapeutic modalities, manual therapy and cold compression across about 2,500 treatments a year.
- Maintain injury reports and treatment records in the EMR under HIPAA, and summarize weekly trends in Excel.

Athletic Trainer 07/2021 - 07/2023

Valley Sports Therapy Spokane Valley, WA

Outpatient sports medicine clinic providing athletic trainers to 3 high schools.

- Covered football, soccer and volleyball at 3 high schools, giving sideline care and first aid to 600 athletes.
- Treated 15 clinic patients a day with rehabilitation exercise under physical therapist plans of care.
- Trained 8 student aides at each school on taping, hydration and emergency procedures.
