### Summary

Board Certified Behavior Analyst with 9 years in applied behavior analysis, including 5 years as a BCBA leading clinic programs for young children with autism. Runs functional analyses and VB-MAPP assessments, trains RBTs and BCBA candidates, and relies on data analysis to keep treatment plans moving toward discharge goals.

### Experience

#### Board Certified Behavior Analyst

Trinity Autism Center — Dallas, TX — 03/2021 - Present

Center-based early intervention program with 60 learners and 45 RBTs.

- Oversee treatment for **14** learners aged 2 to 8, with 6 moving to general education kindergarten since 2023.
- Conduct functional analyses and functional behavior assessments for severe behavior, cutting aggression by 80% for 5 clients.
- Direct RBT supervision and leadership for 12 technicians and 3 BCBA candidates, all 3 passing the BCBA exam.
- Coach families in weekly parent training, raising caregiver fidelity scores from 55% to 90%.

#### Lead Behavior Technician

Lone Star Behavioral Health — Plano, TX — 06/2017 - 02/2021

Home and clinic ABA provider in Collin County.

- Delivered 30 hours a week of ABA therapy across 4 clients in home and clinic settings.
- Trained 20 new technicians on discrete trial training and data collection over 2 years.
- Built close collaboration with speech and occupational therapists on shared goals for 8 children.
