SUMMARY

Breast ultrasound technologist with 3 years of scanning, registered RDMS in breast and abdomen. Performs 14 diagnostic and screening breast ultrasound exams a day, sets up ultrasound-guided biopsy and cyst aspiration cases and correlates findings with mammograms using BI-RADS terms, with clear communication skills and strict patient confidentiality.

EXPERIENCE

Breast Ultrasound Technologist

03/2025 – Present

Willamette Breast Health Center

Portland, OR

Dedicated breast center with 3 radiologists reading mammography, ultrasound and MRI.

- Perform **14** diagnostic breast ultrasound exams a day, correlating each finding with the patient's mammogram.
- Set up and image 20 ultrasound-guided biopsy and cyst aspiration cases a week for breast radiologists.
- Examine the axilla on every suspicious mass, documenting lymph node cortex thickness for staging.
- Guide anxious patients through result timing and next steps while protecting patient confidentiality under HIPAA.

Ultrasound Technologist

08/2023 – 02/2025

Tualatin Valley Imaging

Beaverton, OR

Outpatient imaging center with 3 ultrasound rooms.

- Conducted 16 outpatient exams a day across abdominal, pelvic, thyroid, breast and venous studies.
- Delivered studies and worksheets to PACS before discharge, keeping radiologist callbacks under 3%.
- Completed breast imaging cross-training and 400 breast exams before moving to the breast center.
- Maintained infection control on transducers and ran weekly QA on the ultrasound equipment.

Patient Access Representative

06/2020 – 06/2022

Klamath Basin Medical Imaging

Klamath Falls, OR

Imaging center front desk; part-time role during sonography school.

- Registered 45 imaging patients a day, verifying orders, insurance and prior authorizations.
- Arranged screening mammogram and breast ultrasound bookings for 200 patients a month.
- Resolved billing and order questions by phone, holding call abandonment under 5%.

SKILLS

Breast Ultrasound • Ultrasound-Guided Biopsy • Cyst Aspiration
BI-RADS • Axillary Lymph Node Imaging • Mammogram Correlation
PACS • Ultrasound Equipment • Patient Confidentiality
Communication Skills
