## EXPERIENCE

### Broadcast Engineer

Jun 2018 - Present

WXYZ-TV

Southfield, MI

Responsible for maintaining and operating broadcast equipment, ensuring high-quality transmission of television signals.

- Designed and implemented a new audio routing system, resulting in a 25% reduction in signal latency
- Collaborated with the engineering team to develop and implement a comprehensive maintenance schedule, reducing equipment downtime by 30%
- Troubleshoot and resolved technical issues with broadcast equipment, ensuring 99.9% uptime of broadcast signals

### Assistant Broadcast Engineer

Jan 2015 - Jun 2018

WKBD-TV

Southfield, MI

Assisted in the maintenance and operation of broadcast equipment, supported the engineering team in ensuring high-quality transmission of television signals.

- Assisted in the installation and configuration of new broadcast equipment, resulting in a 15% increase in signal quality
- Developed and implemented a system for tracking and reporting equipment maintenance, resulting in a 20% reduction in maintenance costs
- Collaborated with the production team to ensure seamless integration of broadcast equipment with production systems

## PROJECTS

### Broadcast Audio System

Jan 2020 - Jun 2020

Lead Engineer

Designed and implemented a new broadcast audio system for a local radio station.

Audio over IP

Dante

AES67

## SKILLS

Broadcast Engineering  
Audio Engineering  
Video Production  
IT and Networking  
Project Management

## EDUCATION

### Bachelor of Science in Electrical Engineering

Sep 2010 - May 2014

University of Detroit Mercy  
Detroit, MI

Electrical Engineering 3.5/4.0

## LANGUAGES

English

Native

## CERTIFICATES

### CBNE

Jun 2018

Society of Broadcast  
Engineers

Certified Broadcast Engineer
