Summary

Carpenter Foreman with 12 years of commercial carpentry and 5 years running crews of 8-14 carpenters on labs, schools and mid-rise buildings in Greater Boston. Plans work from blueprints and lookahead schedules, coordinates trades and subcontractors, and runs a safe, organized site. Holds a Massachusetts Construction Supervisor License and OSHA 30.

Experience

03/2021 - Present
Boston, MA

Carpenter Foreman

Bay State Builders Group

Commercial general contractor with about $90M in annual volume.

- Lead crews of 8-14 carpenters on 3 commercial projects up to $22M, including labs and school additions.
- Plan daily work from blueprints and the 3-week lookahead, finishing a 2024 lab fit-out 9 days early.
- Run morning safety talks and weekly site audits, with zero OSHA recordables over **160,000** crew hours.
- Coordinate framing, doors and ceilings with drywall, electrical and mechanical foremen to hold inspection dates.

04/2016 - 02/2021
Quincy, MA

Lead Carpenter

Harborview Construction

General contractor building mid-rise residential and mixed-use projects.

- Built concrete formwork for footings, walls and elevated slabs on **6** mid-rise buildings.
- Directed layout of metal stud framing and door frames across 300,000 sq ft of interior space.
- Trained 10 apprentices in layout, construction methods and hand tools safety over 5 years.
- Tracked crew hours and material use against the budget, keeping carpentry labor 4% under estimate.

06/2014 - 03/2016
Boston, MA

Journeyman Carpenter

Commonwealth Interiors

Interior contractor for office and healthcare fit-outs.

- Framed walls and installed acoustical ceilings in **45** office and clinic suites.
- Hung wood doors and hardware on a 220-opening hospital renovation.
- Completed punch lists ahead of owner walkthroughs on 12 tenant fit-outs.
