Ryan Mitchell

Certified Sterile Processing Technician

Indianapolis, IN (317) 555-0152 ryan.mitchell@email.com linkedin.com/in/ryanmitchell

SUMMARY

Certified sterile processing technician with 3 years of experience in a hospital SPD and an orthopedic surgery center. Holds CRCST and CER credentials and handles decontamination, sterilization, endoscope reprocessing and tray assembly to AAMI and manufacturer instructions. Brings infection control knowledge, attention to detail and calm communication with OR teams on busy days.

EXPERIENCE

Certified Sterile Processing Technician

05/2024 - Present

Circle City Health Hospital

Indianapolis, IN

380-bed hospital with 20 ORs and an endoscopy unit.

- Process **30+** flexible endoscopes a day with leak testing, manual cleaning and AER cycles.
- Assemble 25 orthopedic and general trays a shift and verify every instrument against its count sheet.
- Document high-level disinfection and sterilization records, passing a 2025 Joint Commission survey.
- Test water quality and chemistry on 4 AERs each shift and log results before the first scope load.
- Teach endoscopy nurses bedside pre-cleaning steps, lowering scopes arriving dry from 18% to 4%.

Sterile Processing Technician

08/2023 - 04/2024

Hoosier Orthopedic Surgery Center

Carmel, IN

Outpatient orthopedic center with 5 ORs.

- Decontaminated and sterilized implant and power equipment sets for 25 cases a day.
- Checked in 40 vendor loaner trays a week and inventoried implants with the reps.
- Operated 2 steam sterilizers and documented each load with biological indicators.
- Passed the CRCST exam 2 months after starting in sterile processing.
