Summary

Chiropractor with 5 years of practice in multidisciplinary and family clinics in the Twin Cities, seeing 45 to 55 visits a day. Takes thorough histories, performs physical examinations and chiropractic adjustments, and builds treatment planning that patients can follow at home. Uses clear communication skills and interpersonal skills to explain care and progress at each re-exam.

Experience

Chiropractor 06/2023 - Present

North Loop Integrated Health Minneapolis, MN

Multidisciplinary clinic with chiropractic, physical therapy and massage serving 600 patients a month.

- Perform chiropractic adjustments with Diversified Technique and Thompson Drop Technique for **50** visits a day.
- Conduct new patient consultations and physical examinations, reviewing health histories for 12 new patients a week.
- Build treatment plans with set re-exam dates, raising care plan completion from 58% to 74%.
- Coordinate care with 2 physical therapists and the medical director on 30 shared patients a month.

Chiropractor 05/2021 - 05/2023

Lake Harriet Chiropractic Minneapolis, MN

Family chiropractic practice with 2 doctors.

- Examined and adjusted 35 patients a day, including pregnant patients and children.
- Applied soft tissue therapy and therapeutic exercise for 15 rehab cases a week.
- Maintained patient records in the EHR the same day and passed 2 payer audits without findings.
- Completed X-ray interpretation for 300 spinal studies, matching radiology overreads in 96% of cases.
