Aisha Patel

CLINICAL SCIENTIST

Durham, NC (919) 555-0183 aisha.patel@email.com linkedin.com/in/aishapatel

SUMMARY

Clinical scientist with 4 years supporting Phase 1-3 oncology trials at a sponsor and a CRO, after a PhD in pharmacology. Writes protocols and clinical study reports, reviews patient data for safety and efficacy trends, and follows GCP and ICH guidelines across 20+ sites, with work spanning the drug development process from first-in-human to pivotal studies.

SKILLS

Clinical Trial Design • GCP • ICH Guidelines • Medical Writing • Drug Development Process • Clinical Data Review

Protocol Writing • Excel • PowerPoint • Presentation Skills

EXPERIENCE

Clinical Scientist 04/2024 - Present

Research Triangle Oncology Durham, NC

Clinical-stage biotech with 3 oncology programs in Phase 1-3.

- Write and amend protocols, investigator brochures and CSR sections for **3** trials enrolling 640 patients.
- Review clinical data listings monthly with medical monitors, raising 150+ queries before each database lock.
- Lead clinical trial design work with biostatistics for a Phase 2 study, setting endpoints, eligibility and sample size.
- Present safety and efficacy reviews in PowerPoint to study teams and 2 data monitoring committees.

Associate Clinical Scientist 08/2022 - 03/2024

Piedmont Clinical Research Raleigh, NC

Mid-size CRO running oncology and rare disease trials.

- Assessed eligibility and protocol deviations for 2 Phase 1 studies across 12 sites under ICH guidelines.
- Drafted medical writing deliverables, including narratives for 45 serious adverse events.
- Tracked enrollment, query aging and data metrics in Excel and reported them to 3 sponsors every week.
- Checked 30 site training logs against GCP requirements before each monitoring visit, closing 12 gaps.

Clinical Research Intern 05/2021 - 08/2021

Triangle Health Outcomes Group Chapel Hill, NC

Health outcomes research firm; summer internship during PhD.

- Abstracted data from 200 patient charts for a retrospective oncology outcomes study.
- Authored 2 literature reviews on biomarker endpoints for the clinical development team.
- Built enrollment tracking dashboards in Excel for 4 investigator-initiated trials.
