SUMMARY

Concrete Form Setter with 3 years setting and stripping forms for slabs, footings, curbs and sidewalks on sites around Raleigh. Reads plans and grade stakes, shoots elevations with a laser level, and sets forms that hold line and grade through the pour. Holds a valid North Carolina driver license and an OSHA 10 card.

EXPERIENCE

Concrete Form Setter 06/2024 - Present

Triangle Concrete Forming Raleigh, NC

Concrete subcontractor for home builders, retail sites and NCDOT sidewalk work.

- Complete form setting for **6** to 8 house slabs a week, including brick ledges and garage drops.
- Install steel forms for 4 miles of curb and gutter, plus sidewalk forms, to city line and grade.
- Verify elevations against grade stakes with a laser level, keeping forms within 1/4 inch of plan.
- Handle stripping of forms within 24 hours, oiling and stacking panels to reuse 90% of form stock.

Concrete Laborer 03/2023 - 05/2024

Wake County Foundations Garner, NC

Residential foundation contractor working for 4 national home builders.

- Excavated and formed footings for 150 houses with hand and power tools and a mini excavator.
- Placed rebar and chairs for footings and slabs, passing 98% of first inspections.
- Read blueprints with the crew lead to mark plumbing and anchor bolt locations.
- Raked and leveled concrete on 3 pours a week with attention to detail at form edges.

Warehouse Associate 06/2022 - 02/2023

Capital Building Supply Raleigh, NC

Lumber and building materials yard serving contractors.

- Loaded 25 contractor trucks a day with lumber, form stakes and rebar.
- Operated a forklift and pulled orders at 99% accuracy.
- Cut and bundled 2x4 form stakes for 6 concrete contractors each week.
