EXPERIENCE

Concrete Worker 09/2024 - Present

Heartland Concrete Contractors Kansas City, MO

Commercial concrete contractor for warehouses, schools and parking structures across the metro.

- Handle concrete placement and vibration on **3** pours a week, up to 400 cubic yards each, by pump and buggy.
- Complete rebar tying on 30 footings, grade beams and slabs to the shop drawings.
- Build and strip formwork for walls and piers, reusing 80% of plywood across 5 projects.
- Install insulated blankets and propane heaters on 15 winter pours, cutting joints with a concrete saw the next morning.

General Laborer 06/2023 - 08/2024

Blue River Construction Services Independence, MO

Labor contractor supplying crews to commercial builders in eastern Jackson County.

- Supported 4 trades on 6 commercial job sites through steady teamwork on material moves and cleanup.
- Poured and finished 20 small equipment pads and sidewalk repairs with hand and power tools.
- Maintained job site safety by setting barricades, silt fence and trench covers on every site.
- Unloaded 2 to 3 material trucks a day using a forklift, pallet jack and skid steer.
