SUMMARY

Dairy nutrition consultant with 10 years advising Idaho dairies of 800 to 9,000 cows on ration formulation, forage quality and transition cow programs. Balances rations in AMTS.Cattle, tracks income over feed cost every month and works with herd veterinarians and feeders to make plans hold up at the bunk.

SKILLS

- **Ration Formulation**

- **Forage Analysis**
- **Forage Quality**
- **TMR Audits**
- **Transition Cow Programs**
- **Income Over Feed Cost**
- **Dairy Comp 305**
- **Customer Relationships**

EXPERIENCE

Dairy Nutrition Consultant
04/2020 - Present

Magic Valley Nutrition Services
Twin Falls, ID

Independent dairy nutrition and management consulting firm.

- Advise **22** dairies with 68,000 lactating cows on ration formulation, forage inventory and feeding strategy.
- Raised average income over feed cost by $0.85 per cow per day across client herds in 2025 through forage and byproduct changes.
- Conduct TMR audits with particle separators and mixer checks, cutting ration variation between loads by 30%.
- Build transition cow programs with herd veterinarians, lowering clinical ketosis and displaced abomasum rates by 25%.

Dairy Nutritionist
06/2016 - 03/2020

Snake River Feed and Grain
Jerome, ID

Regional feed and commodity supplier to dairies and heifer growers.

- Formulated rations in AMTS.Cattle for 35 dairy and heifer customers, supporting **$14M** in annual feed sales.
- Sampled and interpreted forage analysis on corn silage and alfalfa haylage for 40 farms each harvest.
- Trained 6 sales staff on dairy nutrition basics, Dairy Comp 305 reports and ration evaluation.
