## Summary

Results-driven Data Analyst with 5+ years of experience in driving business growth through data-driven insights, proficient in a range of tools and technologies including Excel, SQL, Python, and Tableau, with a strong background in statistics and data visualization, and a proven track record of delivering high-impact projects that drive business results.

## Experience

### Senior Data Analyst

Jan 2020 - Present

#### ABC Corporation

New York, NY

Lead data analysis and visualization efforts to drive business growth and inform strategic decision-making, with a focus on developing and maintaining complex data models, dashboards, and reports, utilizing machine learning algorithms and statistical models to identify trends and optimize business processes, and collaborating with cross-functional teams to design and implement data-driven solutions that drive business results.

- Developed and maintained complex data models and dashboards using Tableau, resulting in a 25% increase in sales revenue
- Utilized machine learning algorithms to predict customer churn, resulting in a 15% reduction in churn rate
- Collaborated with cross-functional teams to design and implement data-driven solutions, resulting in a 20% increase in customer engagement

### Data Analyst

Jun 2018 - Dec 2019

#### DEF Company

Los Angeles, CA

Conducted data analysis and visualization to inform business decisions, with a focus on developing and maintaining databases, data systems, and data processes, utilizing SQL and Python to extract, transform, and load data, and creating data visualizations and reports to communicate insights to stakeholders, resulting in a 10% increase in operational efficiency.

- Developed and maintained databases and data systems using MySQL and Python, resulting in a 15% reduction in data processing time
- Utilized SQL and Python to extract, transform, and load data, resulting in a 20% increase in data quality
- Created data visualizations and reports using Excel and Tableau, resulting in a 25% increase in stakeholder engagement

## Education

### Bachelor of Science in Computer Science

Sep 2014 - Jun 2018

#### Stanford University

Stanford, CA

#### Computer Science

3.5

## Skills

- Data Analysis
- Data Visualization
- Machine Learning
- SQL
- Python
- Tableau
- Excel
- Statistics
- Communication
- Collaboration

## Languages

English

Native

## Certificates

### Certified Data Analyst 2020

Data Science Council of America

Certified Data Analyst certification

## Hobbies

Reading

## Strengths

### Analytical Skills

Strong analytical skills with the ability to collect, organize, and analyze large data sets

### Communication Skills

Excellent communication skills with the ability to communicate complex data insights to non-technical stakeholders
