Dentistry

EXPERIENCE

Dentist 08/2023 - Present

Northside Smiles Dental Group Indianapolis, IN

Three-office group practice with 11 dentists and 22 hygienists.

- Examine and treat 16 patients a day, growing annual production from $820K to **$1.04M** in two years.
- Complete 220+ endodontics cases a year, including molar root canals that were previously referred out.
- Perform surgical extractions and implant site preparation as part of the office's oral surgery offering.
- Review hygiene exams for 4 hygienists each day and build treatment plans with clear phase and cost options.
- Maintain accurate charts in Dentrix under HIPAA rules, with 98% of notes closed by end of day in 2025 audits.

Associate Dentist 07/2021 - 07/2023

Circle City Family Dentistry Indianapolis, IN

Family practice with 2 dentists and a high share of Medicaid patients.

- Treated 12-14 patients a day, including 30+ emergency visits a month for pain and broken teeth.
- Taught oral hygiene and preventive care to families, raising recall visits from 61% to 74% of active patients.
- Placed 600+ composite fillings and 250 crowns with a remake rate under 2%.
