EXPERIENCE

DevOps Tester

Mar 2020 - Present

Google

Mountain View, CA

Utilized expertise in test automation, continuous integration, and continuous deployment to ensure high-quality software releases

- Designed and implemented automated testing frameworks using Jenkins, Docker, and Kubernetes, resulting in a 30% reduction in testing time and a 25% increase in test coverage
- Collaborated with cross-functional teams to identify and prioritize test cases, ensuring 99.99% uptime and 0% critical defects in production environments
- Developed and maintained technical documentation for testing frameworks and pipelines, reducing knowledge gaps and improving team efficiency by 20%
- Participated in agile development methodologies, including daily stand-ups, sprint planning, and retrospectives, to ensure alignment with business objectives and improve team velocity by 15%

QA Tester

Jan 2019 - Feb 2020

Microsoft

Redmond, WA

Applied testing skills to ensure high-quality software releases, utilizing test planning, test execution, and defect tracking

- Created and executed manual and automated test cases using Selenium, Appium, and TestNG, resulting in a 20% increase in test efficiency and a 15% reduction in testing time
- Identified and reported defects, collaborating with development teams to prioritize and resolve issues, ensuring 95% defect resolution rate and 0% critical defects in production environments
- Participated in test planning and test strategy development, ensuring 100% test coverage and 0% critical defects in production environments
- Developed and maintained technical documentation for testing processes and procedures, reducing knowledge gaps and improving team efficiency by 10%

PROJECTS

Automated Testing Framework

Jan 2020 - Mar 2020

DevOps Tester

Developed an automated testing framework using Jenkins, Docker, and Kubernetes, resulting in a 30% reduction in testing time and a 25% increase in test coverage

Jenkins

Docker

Kubernetes

Python

SKILLS

Test Automation
Continuous Integration
Continuous Deployment
Agile Methodologies
Cloud Computing
Containerization
Orchestration
Python
Java
JavaScript
Communication
Teamwork
Problem-Solving

EDUCATION

Bachelor of Science

Jan 2015 - Dec 2018

University of California,
Berkeley

Berkeley, CA

Computer Science 3.5/4.0

LANGUAGES

English Native
Spanish Fluent

CERTIFICATES

Certified DevOps Engineer

Jun 2020

DevOps Institute

Certification in DevOps engineering, demonstrating expertise in agile methodologies, continuous integration, and continuous deployment
