

# Wade Hollis

## Dozer Operator

Dozer operator with 5 years in earthmoving, land clearing and pond construction across central Oklahoma. Runs mid-size and large dozers on rough and finish grading, using GPS and sound grading techniques to hold 0.1-foot tolerance. Reads plans and stakes, hauls the machine with a Class A CDL, and pays close attention to detail on final grade.

Experience

### Dozer Operator

Red Dirt Earthworks • Oklahoma City, OK • 03/2023 - Present

Earthmoving contractor building subdivisions, ponds and highway embankments.

- Operate mid-size and large dozers on rough and finish grading for 6 subdivision and highway jobs a year.
- Grade to within 0.1 feet using GPS machine control, cutting surveyor re-stake requests by **half**.
- Build pond dams and highway embankments in 8-inch lifts, passing 95% of density tests on the first try.
- Perform daily equipment inspections, greasing and undercarriage checks before every shift.

### Equipment Operator

Canadian River Land Clearing • Norman, OK

05/2021 - 02/2023

Land clearing and pond contractor for ranch and pipeline clients.

- Cleared 400+ acres of cedar and brush with a dozer and mulcher for ranch and pipeline right-of-way clients.
- Shaped 30 ranch ponds and terraces to plan using a laser level and survey stakes.
- Hauled the dozer on a lowboy and secured loads to DOT rules on 60+ moves.
- Set slopes and drainage on pad sites from site plans and stakes set by the surveyor.
