Summary

Emergency administration and planning student at the University of North Texas graduating in 05/2027. Supports a city emergency management office with hazard mitigation research, ArcGIS mapping and EOC readiness checks. Brings 3 summers of aquatics supervision with emergency action plans and drills, plus clear written communication from planning coursework.

Experience

Emergency Management Intern 08/2026 - Present

Lake Cities Office of Emergency Management Denton, TX

Part-time internship with a city emergency management office during the fall semester.

- Research flood and tornado history for the hazard mitigation plan update, covering **25** years of local events.
- Map 18 low-water crossings and 9 warming centers in ArcGIS for the planning team and public website.
- Test EOC phones, radios and WebEOC logins each week and log faults for the emergency management coordinator.
- Draft social media posts and flyers for a severe weather preparedness week that reached 6,000 residents.

Aquatics Shift Supervisor 05/2024 - 08/2026

Riverbend Aquatics Center Denton, TX

Summer and weekend job at a city pool with 1,500 visitors on busy days.

- Supervised 12 lifeguards per shift and ran weekly drills on the facility's emergency action plan.
- Responded to 30 first aid incidents and completed incident reports the same day.
- Coordinated with EMS on 2 ambulance calls, clearing the pool deck and briefing medics on arrival.
- Scheduled shifts in Microsoft Excel to keep every stand covered during heat advisories.
