Alicia Romero

ENVIRONMENTAL COMPLIANCE SPECIALIST

Albuquerque, NM (505) 555-0152 alicia.romero@email.com linkedin.com/in/aliciaromero

SUMMARY

Environmental compliance specialist with 4 years at a power plant and an aggregates producer in New Mexico, covering air, stormwater and waste programs. Writes Title V reporting and SWPPP updates, runs hazardous waste and SPCC inspections, and keeps every deadline in an Excel tracker with strong organizational skills.

SKILLS

Environmental Compliance • Title V Reporting • SWPPP • Hazardous Waste Management • SPCC

Microsoft Office • Excel • Word • PowerPoint • Organizational Skills

EXPERIENCE

Environmental Compliance Specialist

01/2024 - Present

Rio Grande Generating Station

Albuquerque, NM

Natural gas power plant with 2 combined-cycle units and 85 employees.

- Compile semiannual and annual Title V reporting for **2** generating units, submitted on time every cycle.
- Track 160 permit conditions in Excel with Outlook reminders, with no late reports since 2024.
- Conduct monthly SPCC and hazardous waste management inspections, closing 45 findings with maintenance crews.
- Train 120 plant staff each year on spill response and waste labeling with PowerPoint modules.

Environmental Technician

06/2022 - 12/2023

Sandia Basin Aggregates

Belen, NM

Sand, gravel and crushed stone producer with 3 quarries.

- Updated the SWPPP for **3** quarries and collected stormwater samples after 18 storm events.
- Recorded dust control and water truck logs for air permit compliance at 3 crushing plants.
- Wrote 12 standard operating procedures in Word for fuel handling and waste storage.
- Reviewed contractor waste manifests and fixed 20 labeling errors before shipments left the site.
