SUMMARY

Equipment operator with 5 years on water, sewer and site crews. Runs backhoes, excavators and tandem dump trucks on main breaks and service repairs, sets trench boxes, and builds traffic control setups on busy roads. Holds a Class A CDL and keeps a clean safety record operating equipment on about 180 digs a year.

EXPERIENCE

Equipment Operator II

01/2024 - Present

Neuse Valley Water & Sewer Authority

Raleigh, NC

Operate excavating equipment for repair crews in a 1,900-mile water and sewer system.

- Operate a backhoe and a 14-ton excavator on water main and service line repairs, about **180** digs a year.
- Set trench boxes and shoring on cuts up to 10 feet, following the competent person's daily checklist.
- Coordinate traffic control setups with the crew lead on 2-lane and 4-lane roads, with no work zone incidents.
- Drive a tandem dump truck and lowboy to haul spoils, stone and equipment between job sites.

Equipment Operator I

06/2022 - 12/2023

Neuse Valley Water & Sewer Authority

Raleigh, NC

Entry operator on the restoration and cleanup crew.

- Operated a skid steer, mini excavator and dump truck on sewer cleanup and restoration jobs.
- Restored 300+ utility cuts with stone, asphalt patch and seed after repair crews finished.
- Performed pre-trip inspections on 5 trucks and logged defects for the fleet shop.

Pipe Crew Laborer

03/2021 - 05/2022

Triangle Site Contractors

Durham, NC

Laborer on a storm drainage and street construction crew.

- Installed 4,000 feet of storm pipe and drainage structures on 3 subdivision projects.
- Checked grade with a laser and rod for the excavator operator on new streets.
- Flagged traffic and kept the work zone set to plan on 2 road widening jobs.
