SUMMARY

Skilled roofer with 8 years of hands-on experience in residential and commercial roofing, including shingle, TPO, EPDM, and modified bitumen systems. OSHA 30 certified and GAF Master Elite installer. Track record of zero lost-time injuries across 200+ completed roofing projects.

EXPERIENCE

Baker Roofing Company — Dallas, TX

Lead Roofer — Mar 2019 - Present

Lead a 4-person crew on residential and light commercial roofing projects across the DFW metroplex.

- Completed 85+ residential roofing projects per year with zero callbacks for workmanship defects
- Led installation of 14 commercial TPO membrane roofs totaling 180,000 sq ft over 3 years
- Maintained zero lost-time injury record across 200+ projects by enforcing OSHA 30 safety standards
- Reduced material waste by 18% through precise measurement and cut planning on every project
- Mentored 3 apprentice roofers who all advanced to journeyman status within 18 months

ABC Supply Co. (Contractor Network) — Fort Worth, TX

Journeyman Roofer — Jan 2016 - Feb 2019

Installed shingle, built-up, and modified bitumen roof systems on residential and small commercial properties.

- Installed 60+ roofing systems annually with consistent quality ratings from project inspectors
- Performed emergency roof repairs during storm season, completing 8 storm response calls in a single week
- Achieved GAF Master Elite installer certification, qualifying company for premium warranty offerings
