SUMMARY

Export compliance manager with 12 years in defense and aerospace trade compliance, leading a team of 5 across 3 sites. Manages ITAR and EAR licensing, technology control plans and OFAC sanctions screening, and has kept the program free of lapsed licenses since 2022 through clear communication with engineering and program leaders.

EXPERIENCE

Export Compliance Manager

01/2021 - Present

Redstone Valley Defense Systems

Huntsville, AL

Defense electronics contractor with 1,800 employees at 3 sites.

- Lead a team of **5** running the export compliance program for 3 sites and 40 international programs.
- Manage 180 ITAR authorizations in DECCS and 60 EAR licenses in SNAP-R, with zero lapsed licenses since 2022.
- Own technology control plans for 120 foreign national employees and visitors, audited every year.
- Check distributors and banks against OFAC sanctions lists and approve 30 high-risk transactions a quarter.

Senior Export Compliance Specialist

03/2016 - 12/2020

Tennessee Valley Avionics

Huntsville, AL

Avionics supplier to U.S. and allied military aircraft programs.

- Drafted **70** TAAs and DSP-5 licenses a year for avionics work with 12 allied countries.
- Led 6 internal audits of trade compliance controls and closed 45 corrective actions.
- Trained 900 engineers and program staff a year on ITAR and EAR technical data rules.

Export Compliance Analyst

06/2014 - 02/2016

Cumberland Propulsion Inc.

Decatur, AL

Maker of rocket motor components for defense customers.

- Classified **1,500** parts against the USML and CCL and logged each decision in the compliance database.
- Reviewed 40 shipments a week for license coverage and filed EEI in AES.
- Tracked balances on 25 DSP-5 licenses in Excel with no overshipments in 2 years.
