SUMMARY

Family medicine physician assistant with 4 years caring for patients from newborns to age 95 in rural and suburban practices. Handles well-child visits, chronic disease management, prenatal care, minor procedures and acute visits, with NCCPA certification and a Wisconsin license. Values long-term relationships with whole families and clear follow-up on every result.

EDUCATION

Master of Physician Assistant Studies 08/2022

University of Wisconsin-Madison Madison, WI

Physician Assistant Studies

EXPERIENCE

Family Medicine Physician Assistant 07/2024 - Present

Lake Mendota Family Physicians Madison, WI

Six-provider family medicine practice with an on-site lab and X-ray.

- See **22** patients a day, from newborn weight checks and well-child visits to geriatric care.
- Perform skin biopsies, IUD insertions and laceration repairs, about 40 procedures a month.
- Run chronic disease management for 750 patients with diabetes, COPD and hypertension, cutting overdue labs by 35%.
- Interpret in-office X-rays, labs and spirometry, and review results with patients within 2 business days.
- Deliver Medicare annual wellness visits for 60 seniors a quarter, including fall risk and memory screens.

Physician Assistant 09/2022 - 06/2024

Driftless Rural Health Clinic Viroqua, WI

Rural health clinic; sole on-site provider 2 days a week with remote physician collaboration.

- Treated **18-20** patients a day of all ages, including walk-in injuries and illnesses.
- Stabilized and transferred about 25 emergency patients a year to the regional hospital.
- Followed 40 low-risk pregnancies through prenatal care visits with the collaborating physician.
- Started a farm-injury first aid class for 3 local co-ops, reaching 120 farm workers.
