## SUMMARY

Farm Technician with 2 years of hands-on work on Wisconsin dairy farms, now caring for a 650-cow herd. Handle milking procedures, calf care, TMR mixing and equipment maintenance, and keep herd health records current in DairyComp 305.

## SKILLS

Milking Procedures • Calf Care • TMR Mixing • Herd Health • DairyComp 305 • Equipment Maintenance
Skid Steer Operation • Animal Handling • Record Keeping

## EXPERIENCE

**Farm Technician** 06/2025 - Present

Rock Prairie Dairy Janesville, WI

*Family-owned dairy milking 650 cows three times a day on 1,400 acres.*

- Perform milking procedures in a 40-stall rotary parlor, keeping somatic cell count under **150,000** for 12 months.
- Manage calf care for 60 to 80 calves from colostrum to weaning, holding pre-weaning loss below 3%.
- Deliver TMR mixing for 8 pens twice daily, keeping every load within 1% of target in the feed software.
- Record treatments, breedings and vaccinations in DairyComp 305, keeping herd health records ready for biweekly vet checks.

**Farm Hand** 04/2024 - 05/2025

Cedar Hollow Farm Evansville, WI

*Dairy and cash-crop farm with 220 cows and 600 acres of corn and alfalfa.*

- Operated a skid steer daily to scrape alleys, bed 220 stalls and push up feed.
- Completed equipment maintenance on tractors, choppers and mixers, including 50 oil and filter changes in a year.
- Supported 3 harvests of alfalfa and corn silage, packing 4,000 tons into bunkers with the crop crew.
