SUMMARY

Firefighter/EMT with 5 years in fire suppression, emergency medical care and rescue operations, now on a busy engine company running 2,800 calls a year. Certified Firefighter I and II, EMT and Hazmat Operations, with training in hydraulics, pump operations and foam generators. Teaches fire prevention to schools and businesses and keeps station records in Excel and Microsoft Word.

EXPERIENCE

Firefighter

Desert Valley Fire District • Chandler, AZ

07/2023 - Present

Engine company firefighter/EMT in a 4-station district serving 140,000 residents.

- Respond to about **2,800** calls a year on Engine 2, from structure fires and crashes to cardiac arrests.
- Deliver emergency medical care including CPR, cardiac monitoring and AED use, with 6 field saves since 2023.
- Operate hose lines, ladders, ventilation fans and foam generators at 25+ working structure and vehicle fires.
- Conduct 120 business fire prevention inspections a year and log findings in Microsoft Word and Excel.
- Maintain the station, apparatus and firefighting equipment through daily checks, passing 3 annual pump tests.

Firefighter

Pinal Ridge Fire District • Casa Grande, AZ

05/2021 - 06/2023

Firefighter/EMT in a growing 3-station rural district.

- Responded to 1,400 calls a year, including brush fires, technical rescues and hazardous materials spills.
- Calculated hydraulics and friction loss as acting engineer on **40** shifts, supplying lines from hydrants and tenders.
- Performed salvage and overhaul at structure fires, protecting contents and checking walls for hidden fire.
- Taught CPR and fire extinguisher classes to 350 residents through the community outreach program.
