

Gregory Lindqvist

FUNCTIONAL ARCHITECT

Minneapolis, MN • (612) 555-0131 • gregory.lindqvist@email.com • linkedin.com/in/gregorylindqvist

Summary

Functional architect with 12 years designing finance and procurement solutions on Oracle EBS and SAP S/4HANA for healthcare and retail enterprises. Sets the end-to-end design for general ledger, procure-to-pay and web services integrations, and keeps stakeholder management tight between finance leaders, systems integrators and internal IT.

Skills

- Oracle EBS

- Communication Skills

Experience

Functional Architect

05/2021 - Present

North Star Health Partners

Minneapolis, MN

Health system with 14 hospitals moving from Oracle EBS to SAP S/4HANA.

- Own the target design for general ledger, procurement and payables across **14** hospitals and 3 shared service centers.
- Chair a design authority of 12 leads that reviews every change to the chart of accounts and approval rules.
- Specify web services integrations with 9 clinical and supply systems, including error handling and reconciliation.
- Cut custom objects in scope from 410 to 160 by adopting standard SAP S/4HANA processes.

Lead Oracle Financials Consultant

03/2016 - 04/2021

Twin Cities ERP Partners

St. Paul, MN

Oracle implementation partner for retail and distribution companies.

- Led Oracle EBS general ledger and fixed assets designs for **5** retail and distribution clients.
- Reviewed Java and PL/SQL integration designs with developers to meet SOX controls on journal imports.
- Shortened month-end close from 8 days to 5 at a 300-store retailer through an allocation redesign.

Oracle Financials Analyst

06/2014 - 02/2016

Mill City Foods

Minneapolis, MN

Regional food manufacturer on Oracle EBS 12.1.

- Configured procurement approval hierarchies for **1,100** requesters in Oracle EBS.
- Reconciled subledger-to-GL differences each month and wrote fixes with the IT team.
- Built 20 financial statement reports for the controller in Oracle FSG.
