EXPERIENCE

GIS Consultant

05/2023 - Present

Peachtree Geospatial Advisors

Atlanta, GA

GIS consulting firm with 40 consultants serving public agencies and utilities.

- Deliver **11** ArcGIS Enterprise deployments for cities and utilities, each launched on schedule within its fixed fee.
- Run requirements gathering workshops with 6 to 20 client staff and turn results into signed scope documents.
- Lead data migration of 2.3 million features from legacy CAD and Access files into utility network models.
- Write Python and JavaScript widgets for Experience Builder that cut permit review steps from 7 to 3.

GIS Analyst

06/2021 - 04/2023

Piedmont Crossroads Planning Council

Marietta, GA

Regional planning council serving 14 member counties.

- Built ArcGIS Online story maps and dashboards on growth and transit for all 14 member counties.
- Analyzed census and parcel data in ArcGIS Pro to forecast housing demand for a 20-year regional plan.
- Answered 200+ data requests a year from planners, consultants and the public, most within 2 days.
- Cleaned and documented 60 regional datasets before their release on the open data portal.
