SUMMARY

GIS Project Manager with 11 years in GIS, 5 of them leading mapping and asset data projects for agencies and utilities. Plans scope, staffing and budget for up to 12 projects at once and keeps clients informed with Excel tracking and PowerPoint status reviews. Holds the PMP and GISP and still works hands-on in ArcGIS Pro and ArcGIS Online.

EXPERIENCE

GIS Project Manager

03/2021 - Present

Gulfline Geospatial Services

Tampa, FL

Mapping and survey firm with 120 staff; leads project management for the GIS group.

- Manage **12** concurrent GIS projects worth \$4.8M, from scope and staffing through client sign-off.
- Track budgets and earned value in Excel each week, delivering 92% of projects at or under budget.
- Led an ArcGIS Online inventory of 85,000 stormwater structures for a 3-county program finished 6 weeks early.
- Present monthly status in PowerPoint to client managers and settle change orders within 10 business days.

Senior GIS Analyst

08/2015 - 02/2021

Suncoast Infrastructure Engineers

Clearwater, FL

Engineering firm serving pipeline, transportation and water clients.

- Ran daily GIS work for a statewide pipeline right-of-way mapping project covering 900 miles.
- Supervised 5 technicians on digitizing and QA/QC, with weekly production targets and error reviews.
- Built ArcGIS Pro models that cut parcel ownership research from 4 days to 1 per corridor segment.
- Wrote GIS sections for 30 proposals, helping the firm win \$6M in new mapping work.
