EXPERIENCE

Harvest Worker 08/2025 - Present

Snake River Spud Farms Idaho Falls, ID

4,000-acre potato and grain farm supplying processors and fresh packers.

- Monitor the harvester sorting table, pulling rocks, vines and cull potatoes to keep loads under the **3%** cull limit set by the buyer.
- Run the truck loading piler at storage cellars, filling about 40 trucks a day during peak harvest.
- Grade sample bags for size and bruising and record quality grading results for each field lot.
- Maintain harvester chains and belts with cleaning and greasing between fields, cutting breakdowns over a 7-week harvest.

Seasonal Grain Harvest Hand 07/2024 - 09/2024

Bonneville Grain Co. Rigby, ID

Wheat and barley grower with 2,200 acres.

- Drove a grain cart tractor alongside the combine, unloading about 1,500 bushels an hour into semis.
- Swept and checked 6 grain bins before fill and monitored fans during drying.
- Fueled 5 machines each morning and logged hours for the farm's service schedule.
- Hauled about 20 loads of grain a week from the field to the local elevator in a farm truck.
