Summary

Haul truck driver with 5 years hauling ore, waste and aggregate, including 3 years in 240-ton trucks at an open-pit gold mine. Runs pre-shift inspections, follows MSHA rules and dump procedures, and keeps a clean safety record on 12-hour rotating shifts. Holds a Class A CDL and brings a strong work ethic to night shifts.

Experience

Haul Truck Driver 07/2023 - Present
Ruby Mountain Gold Mining Co. Elko, NV

Drive off-highway haul trucks in an open-pit gold mine on rotating shifts.

- Drive 240-ton off-highway haul trucks on 12-hour shifts, moving 35 to 45 loads of ore and waste a shift.
- Complete pre-shift inspections and record defects in the fleet dispatch system before leaving the ready line.
- Maintain berm, spotting and dump procedures under MSHA Part 48, with 0 reportable incidents in 3 years.
- Operate a water truck on haul roads in dust season, covering 9 miles of ramps per shift.

Dump Truck Driver 03/2021 - 06/2023
Great Basin Aggregates Winnemucca, NV

Hauled materials for highway and subdivision paving jobs.

- Hauled sand, gravel and asphalt in tandem and side dump trucks, averaging 9 loads a day.
- Performed pre-trip inspections and logged hours under DOT rules for 2 years with no violations.
- Delivered asphalt to highway jobs, backing to spreaders and pavers on radio direction.
- Reported road and load hazards to dispatch so drivers could reroute around closures.
