SUMMARY

Home Health LPN with 4 years of nursing care, including 2 years of solo home visits across Jefferson County. Handles medication administration, wound care and caregiver teaching, using critical thinking to act on changes when no one else is in the room.

SKILLS

Nursing Care • Medication Administration • Wound Care • Vital Signs • G-Tube Feeding • Patient Education
Fall Prevention • EMR • Critical Thinking • Communication

EXPERIENCE

Home Health LPN

05/2024 - Present

Bluegrass Home Health Partners

Louisville, KY

- Visit **6 to 7 patients** a day across Jefferson County, delivering skilled nursing care under RN care plans.
- Manage medication administration and weekly pill planners for 22 patients, reconciling every list after hospital stays.
- Dress surgical and pressure wounds in the home, with 14 wounds fully healed in 2025.
- Teach caregivers G-tube feeding, glucose checks and fall prevention, contributing to a 9% 30-day readmission rate.
- Document every visit in the EMR from the field, holding 100% on-time note completion.

Licensed Practical Nurse

06/2022 - 04/2024

Oak Hollow Rehabilitation Center

Louisville, KY

- Provided post-surgical care to **20 rehab residents** per shift, including wound care and pain management.
- Monitored vital signs and lung sounds every 4 hours, reporting changes to the RN and physician the same hour.
- Prepared about 12 residents a month for discharge home with patient education on medications and equipment.
