# Ethan Pruitt

## Industrial Designer I

Industrial Designer I with 1 year of full-time experience on medical device housings, plus a design co-op in outdoor gear. Turns sketches into SolidWorks and Fusion 360 models, renders in KeyShot and builds 3D printed prototypes for user testing. Keeps design documentation current so engineering always works from the latest file.

### Experience

#### Industrial Designer I

Northstar Medical Products • Minneapolis, MN

07/2025 - Present

Maker of patient monitoring and infusion devices for hospitals.

- Create concept sketches and SolidWorks models for **3** handheld device housings in the current release cycle.
- Produce 60+ FDM and SLA prototypes a quarter for grip and button tests with nurses and engineers.
- Develop KeyShot product views and Illustrator label layouts for 2 regulatory submissions.
- Update design documentation and drawings after each of 10 design reviews this year.

#### Industrial Design Co-op

Prairie Outdoor Gear • St. Paul, MN • 01/2024 - 08/2024

Full-time co-op with an outdoor equipment brand.

- Sketched 150 concepts for a cooler and hydration line and presented the top 10 to the design director.
- Modeled 3 accessory parts in Fusion 360 that moved into injection molding tooling.
- Retouched product photos and mood boards in Photoshop for 2 seasonal line reviews.
- Ran a competitor study of 20 coolers and summarized findings for the product manager.

### Skills

Sketching , SolidWorks
Fusion 360 , KeyShot
Illustrator , Photoshop
3D Printing , Prototyping
Design Documentation
Injection Molding

### Education

#### Bachelor of Science

University of Minnesota

Minneapolis, MN

05/2025

Product Design

### Certificates

#### Certified SOLIDWORKS Associate (CSWA)

Dassault Systemes • 04/2025
