

Cody Brennan

Industrial Maintenance Technician

Louisville, KY · (502) 555-0115 · cody.brennan@email.com · linkedin.com/in/codybrennan

SUMMARY

Industrial maintenance technician with 6 years of multi-craft work in stamping and bottling plants. Troubleshoots PLCs, VFDs and electrical systems, repairs hydraulics and pneumatics on 600-ton presses, and handles welding and mechanical rebuilds during shutdowns. Trained in NFPA 70E and holds an industrial maintenance degree from Jefferson Community and Technical College.

EXPERIENCE

Industrial Maintenance Technician 06/2022 - Present

Bluegrass Appliance Components Louisville, KY

Multi-craft technician in a 500-employee metal stamping and assembly plant.

- Diagnose PLCs, VFDs and sensors on 12 automated lines with ladder logic, cutting repeat faults **35%**.
- Repair hydraulics and pneumatics on 600-ton presses, including valves, cylinders and pumps.
- Install 480V motor circuits and control panels to NFPA 70E, completing 20 installs in 2025.
- Fabricate guards and fixtures by welding, and rebuild mechanical drives during 2 planned shutdowns a year.

Maintenance Technician 05/2020 - 05/2022

River City Beverage Packaging Louisville, KY

Technician on 3 high-speed bottling lines.

- Maintained fillers, labelers and palletizers on lines running **900** bottles a minute.
- Performed industrial maintenance on air compressors, boilers and chilled water systems.
- Logged 300+ work orders a year in the CMMS with parts and labor hours.
- Replaced worn conveyor chain and guides, lowering line jams from 11 to 4 a week.
