Gregory Hutchins

Information Systems Security Officer (ISSO)

Colorado Springs, CO (719) 555-0141 gregory.hutchins@email.com linkedin.com/in/gregoryhutchins

SUMMARY

Information systems security officer with 8 years in DoD information assurance, holding ATOs for classified and unclassified systems under RMF and JSIG. Builds SSPs and POA&Ms in eMASS, reviews Nessus and Splunk results every week and reports FISMA metrics to program leadership. CISSP certified with an active Top Secret clearance.

EDUCATION

Bachelor of Science 05/2018
University of Colorado Colorado Springs Colorado Springs, CO
Information Systems

EXPERIENCE

Information Systems Security Officer (ISSO) 02/2022 - Present
Peak Defense Solutions Colorado Springs, CO
ISSO for 9 classified and unclassified systems on an Air Force space program.

- Maintain ATOs for **9** systems under RMF and JSIG, with no lapses across 3 reauthorization cycles.
- Write and update SSPs, hardware and software lists and POA&Ms in eMASS for 1,200 assets.
- Review weekly Nessus scans and Splunk audit logs, closing 280 findings with system administrators in 2025.
- Manage PKI certificates and smart card access for 350 users and audit account changes monthly.

Information Assurance Analyst 06/2018 - 01/2022
Pikes Ridge Aerospace Colorado Springs, CO
Analyst supporting ground-system authorization for a satellite operations contract.

- Prepared 4 authorization packages that earned ATOs on the first submission.
- Tracked 150 POA&M items and briefed monthly status to the ISSM and program manager.
- Ran STIG checks on 400 Windows and Linux hosts and raised compliance from 71% to 95%.
- Delivered annual information assurance training to 500 staff and contractors.

IT Support Technician 08/2016 - 05/2018
Pinecliff Community Bank Colorado Springs, CO
Part-time IT role during college at a 7-branch community bank.

- Resolved about 30 help desk tickets a week for 150 branch staff on Windows, printers and teller systems.
- Applied monthly patches to 180 workstations and logged every exception for the IT manager.
- Disabled access for departing employees within 1 business day using a checklist built with HR.
