EXPERIENCE

Interior Designer II 02/2024 - Present

Camelback Health Design Partners Phoenix, AZ

Healthcare-focused architecture and interiors firm with 45 staff.

- Manage interior documents for **4** outpatient clinics at once, each 15,000 to 40,000 sq ft.
- Develop Revit finish plans, elevations and casework details that passed 6 city plan reviews on first submittal.
- Review MEP and architectural sets in Bluebeam, logging 150+ coordination comments per project.
- Present Enscape renderings and InDesign boards to clinical leaders, securing finish approvals within 3 weeks.

Interior Designer I 07/2021 - 01/2024

Sonoran Studio Architects Tempe, AZ

Architecture firm focused on corporate office and tenant improvement work.

- Drafted AutoCAD furniture plans and reflected ceiling plans for **25** corporate office projects.
- Edited project photos and material boards in Photoshop and Adobe Creative Suite for proposals.
- Specified FF&E for 3 office renovations and kept Microsoft Office budget trackers within 4% of target.
- Documented field issues during client walkthroughs and punch lists for the project architect.
