Gabriel Reyes

INTERVENTIONAL RADIOLOGY TECHNOLOGIST

Houston, TX (713) 555-0185 gabriel.reyes@email.com linkedin.com/in/gabrielreyes

Summary

ARRT-registered Interventional Radiology Technologist with 9 years in imaging, the last 6 in IR suites at two Houston-area hospitals. Scrubs and circulates 4-6 interventional procedures a day, from embolization and TIPS to stents and drains, with strict sterile technique, radiation safety and hemodynamic monitoring.

Skills

- **Interventional Radiology**
- **Interventional Procedures**
- **Fluoroscopy**
- **Sterile Technique**
- **Radiation Safety**
- **Hemodynamic Monitoring**
- **Embolization**
- **Diagnostic Radiology**
- **PACS**
- **Teamwork**

Experience

Interventional Radiology Technologist 03/2022 - Present
Bayou City Medical Center Houston, TX
650-bed tertiary hospital with 3 IR suites and 24/7 stroke and trauma call.

- Staff **4-6** interventional radiology procedures a day as scrub or circulator, including fibroid embolization, TIPS and stents.
- Operate fluoroscopy and DSA with dose tracking, cutting median fluoro time for port placements from 4.1 to 2.9 minutes.
- Monitor hemodynamic and ECG readings in about 80 moderate sedation cases a month and alert the team to changes.
- Train new IR hires and radiography students on sterile technique, catheter prep and table setup, 17 people so far.

Interventional Radiology Technologist 09/2020 - 02/2022
Gulf Coast Regional Hospital Pasadena, TX
Community hospital with 1 IR suite and an on-call team of 4.

- Prepared catheters, wires and contrast for 15-20 diagnostic radiology and IR cases a week, including biopsies and drains.
- Covered 24-hour call 1 week in 4 for GI bleed embolization and stroke thrombectomy cases.
- Managed par levels for 300+ IR supplies, cutting expired-stock waste by $18K a year.

Radiologic Technologist 06/2017 - 08/2020
Clear Lake Community Hospital Webster, TX

- Performed 30+ radiographic and fluoroscopy exams per shift in the ED, OR and inpatient units.
- Ran C-arm imaging for about 50 surgical cases a month while staying clear of the sterile field.
- Reviewed images in PACS before release and coached 3 new technologists on portable technique.

Education

Associate of Applied Science 05/2017
San Jacinto College Pasadena, TX
Radiologic Technology

Certificates
