SUMMARY

Land surveyor and Texas Surveyor in Training with 5 years of land surveying experience in Central Texas. Runs boundary, topographic and construction layout surveys with Trimble GPS and robotic total stations, then drafts results in AutoCAD Civil 3D for the RPLS to seal.

EXPERIENCE

Land Surveyor

05/2023 - Present

Hill Country Survey Co.

Austin, TX

Field and office surveyor for a 25-person land surveying firm.

- Run boundary and topographic surveys on **60+** residential and ranch tracts a year, from deed research to final drawing.
- Perform construction layout for 8 commercial buildings, staking grid lines and anchor bolts to 1/8 inch.
- Configure Trimble data collectors with project control, feature codes and design files before each crew assignment.
- Advise engineers and title officers on easements and encroachments, answering most questions within 24 hours.

Survey Technician

08/2021 - 04/2023

Lone Star Geomatics

Round Rock, TX

Survey technician on field crews and in the drafting office.

- Operated robotic total stations and GPS rovers on **200+** topographic and as-built surveys.
- Drafted topographic maps in AutoCAD Civil 3D and checked contours against field shots before delivery.
- Adjusted level networks for 30 benchmarks in Excel using least squares and standard surveying principles.
- Located 400+ property corners with metal detectors and record plats on boundary jobs.

SKILLS

Land Surveying
