Runs mowing, pruning, bed care and irrigation systems checks on assigned accounts with little supervision, and holds an NC pesticide license plus the NALP Landscape Industry Certified Technician credential.

EXPERIENCE

- Landscape Technician**

01/2024 - Present

Queen City Grounds Management

Charlotte, NC

Technician on maintenance and enhancement crews serving 40 commercial properties.

 - Maintain turf, beds and shrubs on 9 commercial accounts totaling 85 acres, passing **96%** of monthly site audits.
 - Repair irrigation systems found on weekly inspections, replacing heads, valves and controller settings on 30+ zones a week.
 - Apply pre-emergent and post-emergent herbicides under the state license, logging every pesticide application within 24 hours.
 - Perform equipment maintenance on mowers, blowers and trimmers, keeping crew downtime under 2 hours a month.
- Landscape Crew Member**

03/2022 - 12/2023

Lake Norman Lawn & Garden

Huntersville, NC

Crew member for a residential and HOA maintenance company with 300 accounts.

 - Mowed and edged 25 residential and HOA properties a day on a 3-person crew.
 - Installed 2,000+ shrubs and 900 yards of mulch during spring enhancement projects.
 - Shaped crape myrtles and boxwood hedges with hand tools and hedge trimmers to each client's spec.
 - Cleared storm debris from 40 properties within 48 hours after 2 summer tropical storms.
