EXPERIENCE

Maintenance Supervisor

02/2022 - Present

Piedmont Axle Components

Greenville, SC

Lead 12 technicians in a 300,000 sq ft stamping and assembly plant.

- Plan 3 shifts and 450 preventive maintenance tasks a month, holding PM compliance above 95%.
- Direct troubleshooting on presses, welders and robots, lowering unplanned downtime from 6.1% to 3.4%.
- Track labor hours, parts spend and work order backlog in Excel for a weekly plant manager review.
- Coach technicians on electrical safety and lockout/tagout; the plant passed 2 OSHA audits without citations.

Senior Maintenance Technician

05/2018 - 01/2022

Upstate Polymer Products

Spartanburg, SC

Senior technician on a 24/7 injection molding floor.

- Repaired electrical, hydraulic and mechanical faults on 40 injection molding presses and 6 chillers.
- Rerouted plumbing and chilled-water lines feeding the molding floor, ending 12 recurring leaks.
- Wrote 30 step-by-step PM procedures that the plant loaded into its CMMS.

Maintenance Technician

08/2014 - 04/2018

Carolina Cold Storage

Greenville, SC

- Serviced HVAC units, refrigeration compressors and dock doors in a 150,000 sq ft cold storage warehouse.
- Completed carpentry, painting and drywall repairs across offices and 22 loading docks.
- Logged about 25 work orders a week and kept parts records in Microsoft Office.
