## SUMMARY

Washington master esthetician with 9 years in day spas and a medical spa, performing 35+ advanced treatments a week. Designs 3–6 month treatment plans for acne, melasma and sun damage, trains the clinic's estheticians on chemical peels and microneedling, and generates $210K a year in service and retail revenue.

## EXPERIENCE

### Master Esthetician

05/2021 - Present

Eastside Skin & Laser Clinic

Bellevue, WA

Master esthetician at a medical spa with 2 nurse injectors and 5 estheticians.

- Perform 35+ advanced treatments a week, including medium-depth chemical peels, microneedling and IPL.
- Design 3–6 month treatment plans for acne, melasma and sun damage, with 81% of clients completing their plan.
- Train the clinic's 4 estheticians on peel layering and microneedling depth, cutting redo appointments by 30%.
- Generate **$210K** in yearly service and retail revenue, the top book at the clinic in 2024 and 2025.

### Licensed Esthetician

03/2017 - 04/2021

Lake Washington Day Spa

Kirkland, WA

Esthetician at a 10-room day spa with a large membership base.

- Delivered 25–30 advanced facials, dermaplaning and lymphatic drainage treatments a week.
- Grew a 250-client book through referrals and memberships, rebooking 70% of guests.
- Led skin analysis consultations for about 12 new guests a week before their first service.
- Maintained rooms and equipment to state sanitation rules with no findings across 4 inspections.
