Kevin Tran

Material Handler

Material Handler with 18 months supplying 3 assembly lines at an appliance parts plant in Louisville. Forklift certified, records every move in SAP, and uses basic math to build kits and check counts. Keeps the line stocked with attention to detail, with zero line-down events caused by material shortages in 2026.

EXPERIENCE

Material Handler

04/2025 - Present

Bluegrass Appliance Components — Louisville, KY

Supplier of appliance parts and wire harnesses with 600 employees.

- Deliver parts to 3 assembly lines on a 2-hour kanban route using a sit-down forklift and tugger.
- Record material moves, goods receipts and line returns in SAP, about 120 transactions per shift.
- Build component kits for 14 product models, using basic math to check counts against the bill of materials.
- Track scrap and returns in an Excel sheet shared with the material planner each Friday.

Package Handler

08/2024 - 03/2025

Derby City Parcel Hub — Louisville, KY

Regional parcel sort hub, overnight shift.

- Handled 1,200+ packages a night on the inbound belt, sorting by zip code at 99% accuracy.
- Built tight walls in 53-foot trailers, finishing 2 trailers a shift with low damage counts.
- Operated an electric pallet jack for material handling and followed lift safety rules every shift.
- Covered 3 open sort positions during the 2024 holiday peak without missing a truck departure.
