SUMMARY

Mobile phlebotomist with 5 years of phlebotomy, including 3 years on routes of 10-14 home, nursing facility and paramedical exam visits a day across Greater Houston. Works independently from requisition to lab drop-off, handles venipuncture on homebound and geriatric patients, and protects HIPAA records on the road.

SKILLS

Venipuncture • Phlebotomy • Specimen Processing • Paramedical Exams • Cold-Chain Handling • HIPAA • Excel Customer Service • Work Independently • Adaptability

EXPERIENCE

Mobile Phlebotomist 09/2023 - Present

Bayou City Mobile Diagnostics Houston, TX

Home-draw and long-term care collection service covering Harris and Fort Bend counties.

- Drive a daily route of **10-14** home and nursing facility visits, keeping on-time arrivals above 95%.
- Perform venipuncture on homebound and geriatric patients with fragile veins, with fewer than 2% redraw requests.
- Process specimens in the vehicle centrifuge and hold cold-chain temperatures until lab drop-off by 3 p.m.
- Complete paramedical exams for life insurance applicants, recording vitals, height, weight and health history on tablet forms.

Phlebotomist 06/2021 - 08/2023

Gulf Coast Clinical Laboratory Houston, TX

Patient service center of a regional reference laboratory.

- Drew **45+** outpatients a day, including pediatric and difficult-draw referrals from area clinics.
- Checked orders against requisitions and insurance, catching about 20 missing diagnosis codes each week.
- Recorded daily specimen counts and supply use in Excel for the supervisor's weekly ordering.
- Trained 3 new phlebotomists on order of draw, labeling and specimen processing steps.
