

Jasmine Whitfield

Mosquito Control Technician

📍 Marietta, GA 📞 (770) 555-0128 ✉️ jasmine.whitfield@email.com 🔗 linkedin.com/in/jasminewhitfield

SUMMARY

Mosquito control technician finishing a second season of residential barrier spray treatments in metro Atlanta, servicing up to 22 yards a day. Uses basic math skills to mix product and measure treated areas, runs a backpack mist blower and treats standing water with larvicide. Customer service skills bring repeat sign-ups, and the driving record is clean.

EXPERIENCE

Mosquito Control Technician

03/2025 - Present

Peachtree Backyard Defense

Marietta, GA

Seasonal technician, March to October, for a residential mosquito and tick control company.

- Perform barrier spray treatments on **18-22** yards a day, covering shrubs, fence lines and shaded resting areas.
- Calculate tank mixes and treated square footage with basic math skills, keeping product use within 3% of plan.
- Survey gutters, birdbaths and drains for standing water, then apply larvicide where water cannot be emptied.
- Run a backpack mist blower and tick treatments along wooded edges for 140 homes on a 21-day cycle.
- Leave service notes and photos for every home and close customer callbacks within 48 hours.

Garden Center Associate

06/2023 - 02/2025

Cobb Home & Garden Supply

Kennesaw, GA

Full-time sales floor role in a garden and outdoor supply store.

- Advised 60+ customers a day on lawn, garden and pest control products, matching each to the right label use.
- Processed about 30 returns and special orders per shift at the service desk with accurate cash counts.
- Loaded mulch, soil and fertilizer orders into customer vehicles using safe lifting for 50-pound bags.
- Trained 4 new seasonal hires on the register, product locations and chemical storage rules.
