Jamal Washington

STAFF NURSE

Philadelphia, PA (215) 555-0186 jamal.washington@email.com linkedin.com/in/jamalwashington-rn

Summary

Newly licensed registered nurse with a BSN, 680 clinical hours and 2 years as an emergency department technician. Strong in patient assessment, pharmacology and catheterization, with the clinical judgment to set priorities and the communication skills to keep the care team informed.

Skills

• Nursing Process • Clinical Judgment • Patient Assessment • Pharmacology • Medication Administration • Catheterization • IV Therapy • Wound Care • Communication • Teamwork

Experience

Emergency Department Technician (Part-Time) 07/2024 - Present

Schuylkill Valley Medical Center Philadelphia, PA

Night shifts in a 48-bed emergency department.

- Perform 12-lead ECGs, phlebotomy and splinting for up to **25** patients per 12-hour shift.
- Complete catheterization and wound care under RN supervision, following sterile technique on 100+ procedures.
- Escalate abnormal vital signs and ECG findings to the charge nurse, supporting door-to-ECG times under 10 minutes.

Student Nurse (Clinical Rotations) 09/2024 - 06/2026

Delaware River Health System Philadelphia, PA

680 hours across med-surg, cardiac, pediatrics and oncology, ending in a 150-hour preceptorship.

- Carried a full 5-patient assignment on a cardiac step-down unit during a **150-hour** preceptorship.
- Checked pharmacology and the 6 rights before every medication administration, with zero errors in 5 rotations.
- Managed IV therapy for 30+ patients, including 12 peripheral IV starts under preceptor supervision.
- Built 18 care plans with the nursing process and presented 4 at interdisciplinary rounds through teamwork with the unit.
