SUMMARY

Highly skilled and experienced Orchardist with 5+ years of experience in managing orchards, including fruit production, pest management, and soil science. Proven track record of increasing fruit yield, reducing water consumption, and implementing effective IPM strategies. Strong leadership and communication skills, with the ability to work effectively in a team environment.

EXPERIENCE

Orchardist Jun 2019 - Present

Green Valley Orchards Medford, Oregon, USA

Orchardist

- Managed 500 acres of apple, pear, and cherry orchards, resulting in a 25% increase in fruit yield and a 15% reduction in water consumption
- Coordinated with farm workers to prune, thin, and harvest fruit, ensuring timely and efficient completion of tasks
- Developed and implemented integrated pest management (IPM) strategies, reducing chemical usage by 30% and maintaining a 95% pest control success rate

Assistant Orchardist Jan 2018 - Jun 2019

Rogue Valley Orchards Grants Pass, Oregon, USA

Assistant Orchardist

- Assisted in the management of 200 acres of orchards, including fruit thinning, pruning, and harvesting
- Conducted regular soil and water testing, implementing adjustments to fertilization and irrigation schedules to optimize soil health and reduce waste
- Collaborated with the orchard manager to develop and implement a comprehensive orchard management plan, resulting in a 10% increase in fruit quality and a 5% reduction in labor costs
