Kyle Sorensen

Outpatient Physical Therapist

Outpatient Physical Therapist with 4 years in orthopedic and sports clinics, seeing about 18 patients a day. Completes comprehensive physical therapy evaluations and builds evidence-based practice plans that combine manual therapy, dry needling and therapeutic exercise. Strong time management and customer service keep schedules full and patients coming back.

EXPERIENCE

Outpatient Physical Therapist

01/2024 - Present

Front Range Spine & Sports PT — Denver, CO

Outpatient orthopedic and sports clinic with 8 therapists and a direct-access caseload.

- Complete 3 comprehensive physical therapy evaluations and about 15 follow-up visits a day in a busy sports clinic.
- Combine manual therapy, dry needling and therapeutic exercise in evidence-based plans for neck, back and knee pain.
- Lifted plan-of-care completion from 68% to 84% by setting clear goals at the first visit and checking them monthly.
- Manage time across a 45-minute visit schedule, closing all daily notes before leaving the clinic each day.

Physical Therapist

08/2022 - 12/2023

Cherry Creek Orthopedic Rehab — Denver, CO

Post-surgical outpatient clinic working with 5 orthopedic surgeons.

- Treated 12 to 14 post-surgical patients a day after ACL, rotator cuff and total joint procedures.
- Progressed ambulation training from walker to independent walking for 60+ joint replacement patients a year.
- Earned 4.9 of 5 on patient satisfaction surveys through clear plans and friendly customer service at every visit.
- Collaborated with 5 orthopedic surgeons on protocol updates, sending progress reports every 4 weeks.
