Experience

Patient Care Technician

09/2024 - Present

Peachtree Grove Medical Center

Atlanta, GA

410-bed hospital; 30-bed medical-surgical and telemetry step-down unit.

- Record vital signs and pain scores for up to **12** patients a shift, reporting abnormal readings to the nurse at once.
- Perform phlebotomy on 20 to 25 patients each morning with a specimen recollection rate under 2%.
- Run 12-lead EKGs on admissions and chest pain calls, about 8 a shift, and hand each strip to the charge nurse.
- Mobilize, bathe and reposition patients every 2 hours, supporting a 30% drop in unit falls in 2025.

Certified Nursing Assistant

06/2023 - 08/2024

Magnolia Hills Rehabilitation Center

Decatur, GA

120-bed skilled nursing and short-term rehab facility.

- Provided personal care, bathing and feeding for 10 to 14 residents per shift.
- Charted intake and output, weights and vital signs with no missed entries on 3 quarterly audits.
- Transferred residents with gait belts and mechanical lifts using safe patient handling methods.
- Answered call lights within 5 minutes on average and reported condition changes to the charge nurse.
